Directions:

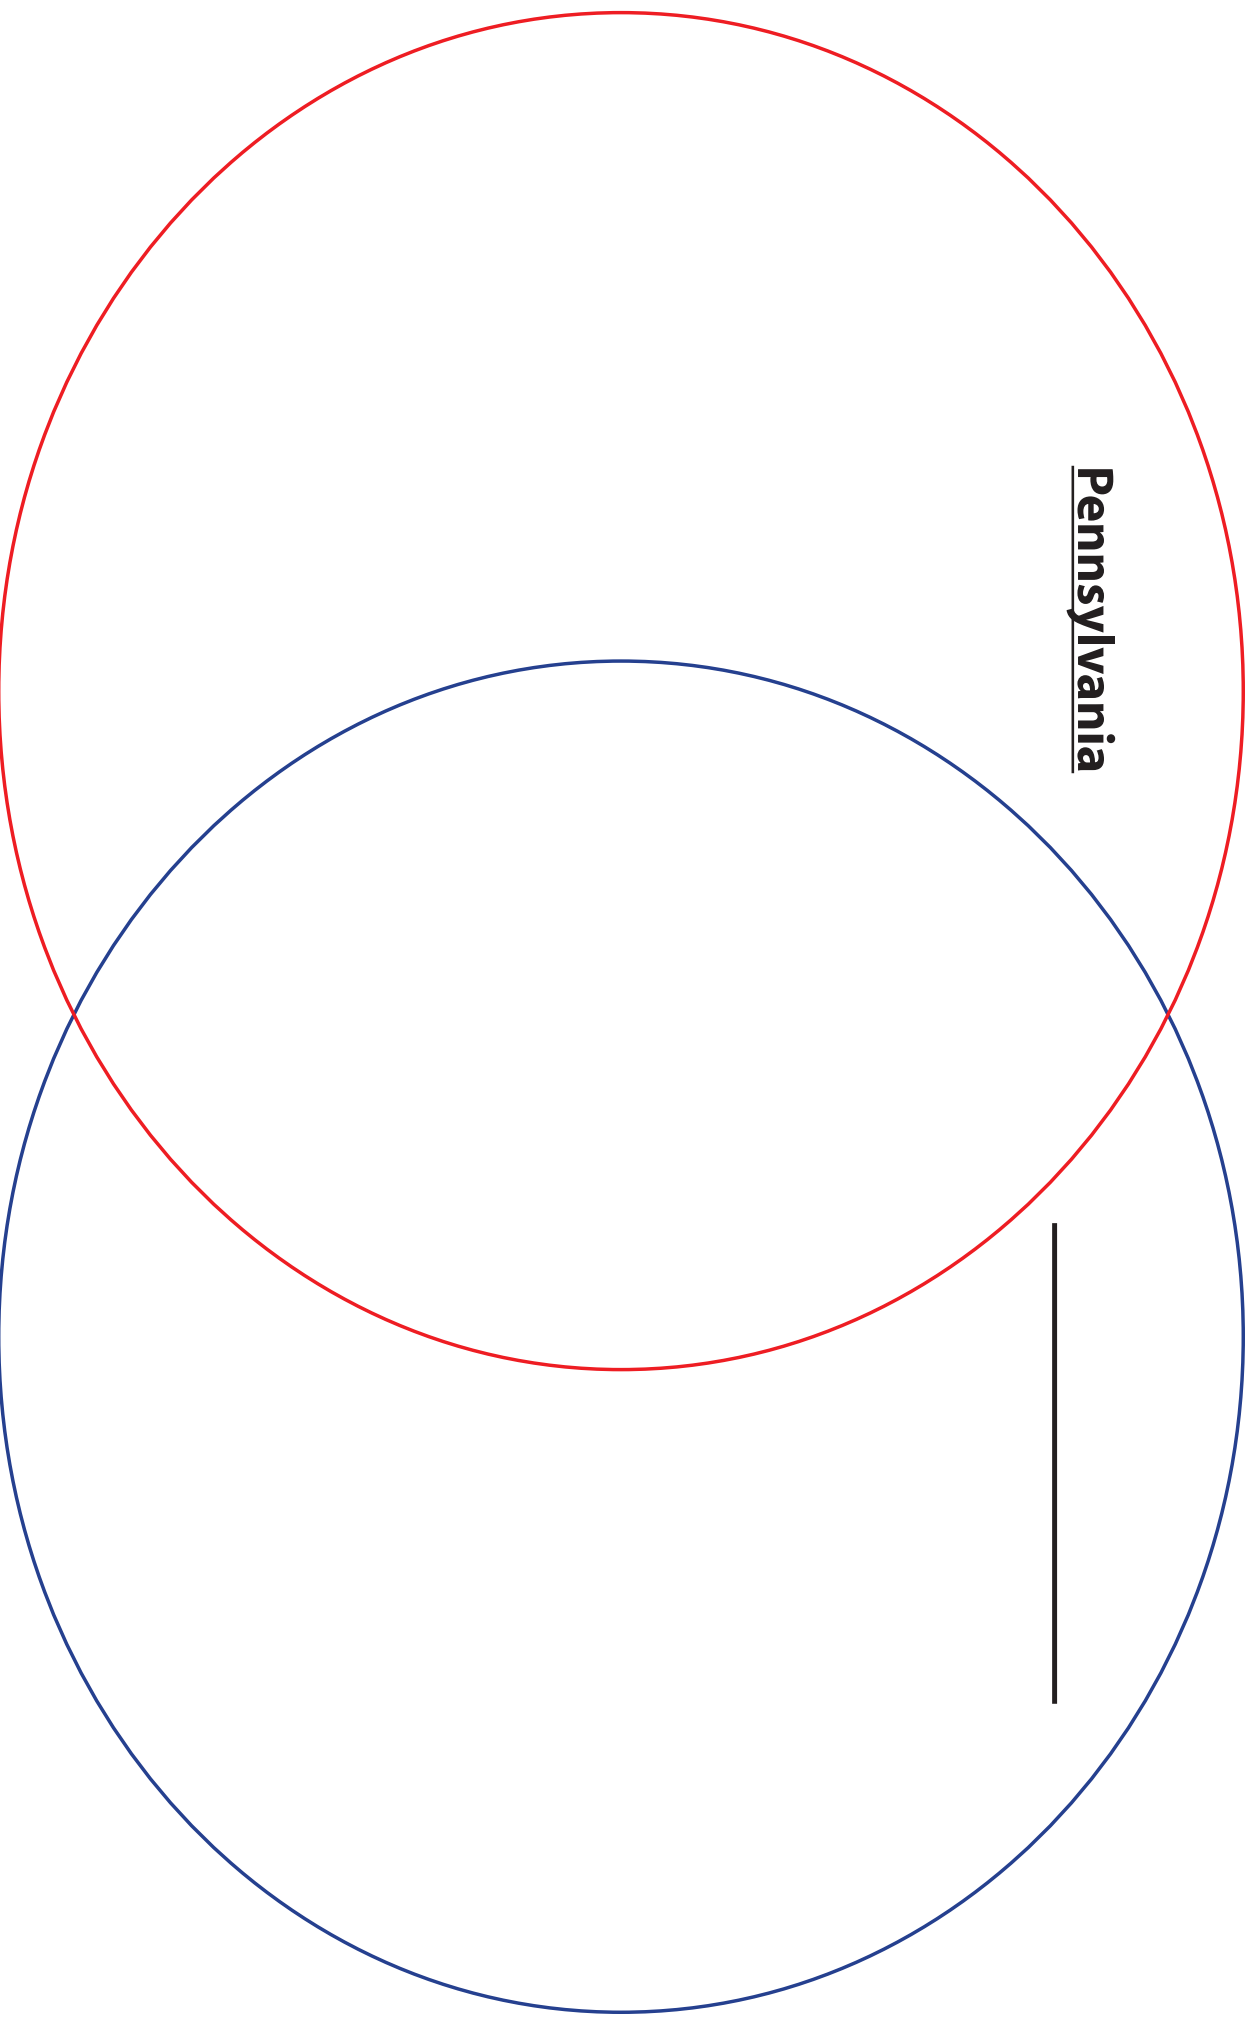

- Follow along with me on the SMART board in order to get to the Ben's Guide website.
- You will remain in the "Our Nation" section of the website to answer the following questions.
- Make sure you are reading the **ENTIRE** question and following **all** directions.
- If you get lost using the website or are having trouble answering questions, please raise your hand and I will be around to help you.
- When you are done, check your answers and make sure your sentences are complete.

1. What are the five borders of the United States?

2. Now click on [Our Capital, Washington D.C.](#) Explain how it got its name. There should be two parts to your answer.

3. Next, click on the state of [Pennsylvania](#). Go to the [kids' page](#) and learn about the symbols and emblems of Pennsylvania. Choose one to identify and explain why it is important to Pennsylvania. The choose one you would change or modify and explain why.

4. Now choose another state and click on the [links](#) to learn more about it. Complete the Venn Diagram below to compare and contrast Pennsylvania and another state of your choice. Give at least **two** reasons they are similar and **two** reasons they are different.

5. Imagine you just discovered a new state! What would you name it and why? Answer using a complete sentence.

6. Draw a picture of your state flag. You may color it once you **FINISH** the rest of the worksheet.

7. Create and draw a symbol or emblem for your state and write a sentence explaining why you chose it. You may color it once you **FINISH** the rest of the worksheet.

7. Pretend you can live in any state in America! Browse through some more of the state's websites you are interested in. Choose one (**DO NOT** use either of the states you used in the Venn Diagram) and describe why you would want to live there. Give at least **two** reasons and write in complete sentences.
